

Remarks

A Notice of Allowance dated September 19, 2011 has been received in the present application. Prior to issuance, Applicants respectfully request that the Office amend the present application in the manner enclosed herein. Specifically, the "Related Patent Applications" section previously included a typographical error, which has now been corrected. Additionally, claim 14 has been further amended in response to an Examiner's Amendment enclosed in the Notice of Allowance. Although the Examiner's Amendment indicates that a general authorization for the changes made in the Examiner's Amendment was given by the undersigned, the undersigned did not specifically authorize the amendment "using the computer to receive. . ." made to claim 14. (Examiner's Amendment, bottom of page 2). By this paper, Applicants have further amended this feature of claim 14 to be consistent with the rest of the amendments contained in the Examiner's Amendment. Accordingly, Applicants respectfully request that the enclosed amendments be entered on the recommendation of the Primary Examiner under 37 C.F.R. § 1.312.

Please charge any fees or credit any overpayments as a result of the filing of this paper to Ford Global Technologies, LLC Deposit Account No. 06-1510.

Respectfully submitted,

GURPREET AHLUWALIA
